Conditions

Avoid Sending Money by Open Mail. We would suggest making all remittances by Postoffice Money Order, Express Money Order, Registered Letters, or Bank Drafts, which in all cases must be made payable to Emma Louise Art Shop, Belmar, New Jersey.

C. O. D. Shipments We gladly send goods C. O. D. when one-fourth of the amount is accompanied with the order. We would suggest that you send the money with all orders, thereby saving the charges for the return of money, and you also save the express charges. If married, always use your husband's initials. Be sure to enclose sufficient amount to cover postage. If you are not entirely satisfied with any purchase made from us kindly return same and we will cheerfully refund your money.

In ordering goods, kindly observe the following rules and all mistakes will be avoided:

Write your name in full, giving name of street and number, or postoffice box, or rural delivery, and write plainly. Also state how much money you enclose. If goods are to be sent to other than permanent address, please give the home address as well. Also state name of article, the number and price, and color when necessary.

Complaint If you should have reason for complaint on account of the goods not coming up to your expectation, or delay in shipping, or for any other reason, write us, giving us the order number, which will appear on your package and invoice.

Should you find it necessary to write us, however, state when the goods were ordered, what you ordered, how much money was sent, and in what form, whether money order, stamps, cash, or otherwise. Your complaint will have our prompt and careful attention.

Returning Goods by Mail Don't, under any circumstances, return a package by mail without putting your full name and address on it, else we will have no means of knowing to whom it belongs.

Orders for sixty cents or less can be paid by stamps.

Private checks will only be accepted when accompanied by ten cents additional for exchange.

Prices are subject to change without notice. Advances in prices will be made only when absolutely necessary and reductions will be made whenever it is possible to do so through reduced cost of goods.

Wherever possible, to save delay it would be a great help if customers would give a second choice, as there are several designs to most numbers.

We suggest that all goods be insured so as to insure safe delivery. This costs 5 cents for $5.00 or less. When you send your order include 5 cents extra, besides postage, for insurance.

ROYAL SOCIETY

REG. U.S. PAT. OFF

So hard and successfully do the makers of this celebrated brand of materials labor in the development of Art Needlework that each season their output represents the supremest effort in their field. ROYAL SOCIETY EMBROIDERY FLOSSES, CROCHET, STAMPED LINENS AND PACKAGE OUTFITS need no introduction to lovers of Art Needlework in this country and Canada.

The Floss is noted for its smooth, even twist, high luster and absolutely fast colors. Its use is the strongest assurance of permanent beauty of the embroidery, as washing will never affect it. Those who do not know the pleasure of having work turn out even better than was hoped for, will find particular satisfaction as well as economy in its use. It is made in every size, shade and twist necessary for any kind of Hand Work.

The confidence enjoyed by materials sold under this Trade Mark, cannot be better expressed than in the fact that millions of ROYAL SOCIETY PACKAGE OUTFITS are bought annually without being opened by the purchasers. The selection of designs and materials are made with the highest regard for the ever present demands for individuality and lasting quality. So skillfully are the instructions and diagrams prepared that not even to the mere beginner is the proper finishing of the piece a matter of chance. Sufficient floss of the correct shade and twist completes the package, making it a most convenient and economical form in which to purchase all articles of Lingerie and for Home Decoration.

In the stock of ROYAL SOCIETY STAMPED PIECES, there are Table Linens, Decorative Linens, Towels, Novelties, etc., to suit the most discriminating. This season there is a particularly large range of distinctive designs to select from.

ROYAL SOCIETY COLOR CARD.

Showing hundreds of shades of Silk and Floss, is of great value to anybody interested in embroidery. Price, including, postage, 15 cents. Emma Louise Art Shop carries the complete line of Royal Society goods, including Floss and Silk.

CROCHET has come into its own once more. This fine old art, which has been handed down to us from the ancients, has broadened in its following and its scope.

The art of crocheting is one of the easiest and most pleasant kinds of fancy work, requiring comparatively little time to produce highly effective as well as charming and useful articles. The present revival gives every indication of creating an increasing and permanent interest for things crocheted, and in consequence many spare hours can be pleasantly and profitably employed in developing this ancient and fascinating class of needlecraft.

The "Emma Louise Art Shop" carries the complete line of ROYAL SOCIETY crochet goods, a few of which you will find here illustrated. The ROYAL SOCIETY puts out a very instructive book in two volumes, showing all the articles you will find here and many more, giving full instructions and lessons, very finely illustrated. Two books, including postage, sent for 25c.

ROYAL SOCIETY

REG. U.S. PAT. OFF

The makers of ROYAL SOCIETY goods put out each season a vast variety of embroideries, that to properly display each number would take a Catalogue much larger than this.

We have often been asked why we handle the complete line of ROYAL SOCIETY FLOSSES AND EMBROIDERY MATERIALS in preference to other makes, and our answer is always the same. The makers of the ROYAL SOCIETY FLOSS put out a uniform quality floss, always the same, always easy to match, and easy to procure.

How often have you tried to match a floss (of other makers) for your embroidery that you had started and for some reason laid aside the piece, and then when you started it again you found you were short of floss, and when you tried to match it, failed? This never occurs with ROYAL SOCIETY FLOSS; you can always match it, and you will find the quality to be always the same.

The ROYAL SOCIETY guarantee every article they turn out and so do we; this is why the "Emma Louise Art Shop" handles the extensive line of goods, under this trade mark.

We want your patronage and we handle no goods but what you may depend upon. Every article that you receive from us must be just as represented, and you have the privilege to return it at our expense.

ROYAL SOCIETY Embroidery Floss may be had in pure white and fast colors, in all sizes, for all forms of needlework. ROYAL SOCIETY Celesta Twist is the only complete line of artificial silk absolutely fast to washing and so guaranteed.

M. Heminway and Sons' Silks

SOME ESSENTIAL POINTS TO KNOW

It is more necessary in embroidery than in any other art that the materials be first class. After time and work has been put into a fine piece, the worker wants the colors to last, the back ground to be above criticism, and in short to have the piece "a thing of joy forever."

Everything depends on standard goods that are bought. The woman "who knows" will ask for M. Heminway & Sons' Embroidery Silks—why? Because the colors are beautiful as well as lasting. She will demand M. Heminway & Sons' stamped linens because the quality is excellent and the design up-to-date. Everything required for sewing and embroidery is included in the Heminway line.

Women naturally look to M. Heminway & Sons for the best as well as the latest embroidery ideas, for back of all Heminway products is a half century's reputation. If you want the best silk, you want Heminway's silks.

Lion Brand Wool

In Knitting and Crocheting with Yarn it is most essential that the best material should be employed to obtain the best results. It is for that reason that the "Emma Louise Art Shop" carries LION BRAND YARNS only. We deal direct with the Spinners who own and operate their own Mill, and the extra process through which the LION BRAND YARNS are put assures an exceptional evenness of thread.

LION BRAND YARNS are soft, elastic in texture, and years of careful study as to the delicate shading required in this class of work, enables them to collect a most brilliant color line.

In buying a pound of LION BRAND YARNS you receive full weight, or in other words, **16 ounces of wool to the pound,** which naturally means a greatly increased yardage over short weight brands.

When you buy Yarn insist on having the kind that does not include the weight of the wrappers with the wool, and charge the price of wool for them.

Let us supply you with your next order of Yarn and you will receive just what you pay for, which is the best in the market.

Send 31 cents for the Lion Yarn Book. It is so arranged as to be of equal value to the novice as well as the expert, containing 140 pages with over 200 illustrations and lessons complete in every detail, a wonderful book. Send to-day for it.

For all merchandise there is a standard quality. Other makes are compared to it, are displayed more conspicuously, are advertised "just as good as" and are generally sold a bit less. Beware of these inferior qualities, for only with the best crepe paper can satisfactory results be obtained in decorating or making up goods.

Dennison's is recognized to be the standard crepe paper,—the best made.

Dennison's Imperial Crepe Paper is made from strong flawless paper of heavy weight and pure color. The study given to dyeing, creping and finishing has been tireless and specialists are continually at work at their process as for perfecting the paper, which is to-day used in ways undreamed of a short time ago and which in the future will be used in ways undreamed of to-day

Dennison Decorated Papers are printed in from two to eleven colors, including gold bronze—rich, lasting colors that are bright but not vivid, strong though not heavy, varied but still true to art. The scope in design is wide and complete, including special season designs, floral patterns in all colors, conventional designs, large figures and smaller designs delicately treated.

PATENT WASHABLE LETTERS
FOR HAND EMBROIDERY

An improved method of embroidering initials on Garments, Table Linen, etc. Place the letter in any position on any fabric you can get a needle through and embroider over with Embroidery Silk or Cotton obtaining the same rich raised effect as is only obtained after long, tedious work on a stamped design. They are inexpensive, will wash and iron perfectly and will outwear the fabric to which they are attached.

To the Lady who Embroiders:

If you only knew what a great help the Royal Society color cards are (sent for 15 cents), you would never be without them. How often have you tried to match Silk or Floss and you were unable to get just the proper shade or weight; then again it helps you to decide what color to use or the one you could use instead.

Besides this, the store you deal with may fail to have just the shade of Floss or Silk you want. You can then turn to the color cards, select the shade and kind of Floss or Silk you want, send us the number and by the return mail you will have just what you want, and at the same price that you would have to pay for same in the store in your own city or town, only paying postage. We carry the complete line of Royal Society Goods, including Floss and Package Goods.

Remember that if you cannot buy Royal Society Goods elsewhere we have what you want and will be pleased to serve you at any time.

Our Store is always at your service and our advice is free for the asking. Before becoming discouraged and giving up hope try us, we have anything you may care to call for in our line and you may depend upon the fact that our goods are as represented and if you are not pleased with any purchase you make of us we refund your money with no questions asked.
